Mac's Fence Installation & Repair
6037 Speaker Road
Kansas City, KS 66111

Dear Mac's:

I want to thank you for recommending `The Fence Repair Co. to me about a month ago for a job that appeared to be too small for you. They were absolutely wonderful: great people, charging fairly for a thoroughly professional job. They worked hard and quickly and were considerate of my property and plantings. The Perkinses were also thoughtful and creative in considering various possible solutions to my problem. Plus, they charmed my hostile neighbor into letting them work on his side!

I don't recall the name of the man I talked to at your office, but he was both helpful and generous with his advice. It seems to be so hard to get anything fixed properly these days, and I really appreciate your assistance in locating a great resource.

Thanks again,

Pamela Evans
